OUR STORY

Arami, which purely means 'my body' in Yoruba language, began in 2016 with one simple belief: the body is a temple, a sacred place to be treated mindfully.

As a brand, we take a less is more approach to beauty by crafting multi-use products with simple formulations through heritage wellness traditions, and using potent ingredients sourced from the pristine Lushlands of Africa.

As a company, we are focused on the future, and centred on connecting with our roots in a way that is safe, sustainable and innovative
